The WMA recognizes outstanding achievement in the field of museum work by awarding up to eight Awards of Excellence annually. The award year runs from January through December 2009. To be eligible, the nominee must have exhibited the ability to set standards of leadership through outstanding service, established precedent, fulfilled mission and purpose, showed marked improvement, and provided an extended level of service to the community served. The recipients of the awards will be honored during a special presentation at the 2010 Annual WMA Conference, *Casting a Broader Net: Building Community through Collaboration*, at the Harbor History Museum, Gig Harbor, Washington, June 16-18, 2010.

Return the original completed form and three copies (four total) of each nomination including additional supporting documentation for each copy to:

WMA Awards Committee, c/o Mike Siebol,

Because the WMA Awards Committee is comprised of four people, **send four complete copies** (one original and three copies, including additional supporting documentation for four judges) for each nomination. Please include one nomination per form. Multiple nominations on one form *may disqualify* the applicant; so copy this form as needed.
